

History & Geography

We will be learning about the geography and climate of Egypt. Also, we will be discovering the history and traditions of Ancient Egypt.

English Traditional Tales—We will be using our extended vocabulary to write our own version of a traditional tale but we will set it in Egypt.

Recount—We will be writing Newspaper reports on the traditional story of The Three Little Pigs.

Non-Chronological Report—We will be writing a fact based report on Ancient Egypt.

Play scripts—The children will be building on the success of our pantomime and we will be writing our own play scripts.

There will be a continued focus on sentence structure. We will be using subordinating conjunctions, speech punctuation and paragraphs throughout this term.

Art

We will be investigating Ancient Egyptian tomb art and creating our own clay cartouches, canopic jars, and hieroglyphic art using different media.

Computing

This term, we will use spreadsheets to record and organise data. The children will research questions and present information in spreadsheets with supporting graphs.

Beech Class—

Spring Term 2019

Awesome Egyptians

Science

In Science, we will be learning about nutrition, sorting foods into food groups and looking at how much animals and human need to eat in order to stay healthy. We will also be studying skeletons and muscles, recognising how they protect, support and help us move.

PE

We will be using different levels and directions. In dance, we will be trying out different Egyptian dances.

Music

We will be looking at different musical families.

Maths

We will be looking at 2D shape, where we will revisit symmetry and explore perpendicular and parallel lines. We will use the different methods of addition and subtraction, learnt in the Autumn term, to solve perimeter based problems. There will be a large focus on multiplication and division problems using the 2, 3, 4, 5 & 8 times tables we have been learning. These multiplication and division facts will also be used to build upon our existing knowledge of fractions so we can find fractions of an amount as well as fractions of a shape.

RE

We will be exploring key events in Jesus' life and how he overcame temptation. We will also look at how Christians celebrate Easter and Lent.

Spanish

Animals and clothing.
