

### PE

Children will be developing their hockey and gymnastics skills. They will be learning different passing techniques and working on effective team strategies in mini matches.

### English

We are currently undertaking a project to learn about verbal and written persuasion. We will be applying these techniques to a presentation, persuading others to visit our chosen destination. For our topic on play scripts, we will be looking at the work of Kenneth Grahame and 'The Wind in the Willows'. Children will be investigating how books can be adapted for the stage and screen, and writing their own alternative scenes.

### Music

The children will continue to develop their Tenor horn skills under the watchful eye of Mr Lavelle.

### Geography/History

Our topic, this term, is Anglo-Saxon Britain. Children will be learning about settlements and how life was for the Anglo-Saxons. There is a trip planned, after Easter, to an Anglo-Saxon village in Suffolk.

## Maple—Spring 2019

### Science

This term, Maple Class will be learning about sound and how the ear works. There will be the opportunity to investigate pitch and volume and how sound travels with a variety of hands-on experiments.

### Spanish

We will continue to develop our spoken Spanish and learn useful, everyday phrases. This will include animals, clothes and food.

### Maths

This term, children will be further developing their knowledge of the number system and working with numbers up to 4 digits and to two decimal places, using money and interactive problem solving to support their understanding. We will be learning strategies to help us solve multi-step problems and efficiently check our answers.

Learning times tables will continue to be a key focus throughout Year 4.

### RE/PSHE

Our PSHE topic is about managing our emotions. In RE, we will be studying Sikhism and Christianity, festivals and beliefs.
